

Registration HELP!

If you are new to Organized Hockey or even if your kids have played for years the paperwork can be very confusing. Hopefully this will explain the forms and processes involved while playing hockey with the Hornets.

First our Association and 99% of all youth hockey associations in Pittsburgh play in the Pittsburgh Amateur Hockey League (PAHL). The remaining few teams not in PAHL are high level and play in a few assorted leagues in the north.

All Organizations in PAHL play under USA Hockey. So to explain it simply the Mt. Lebanon Hornets play in PAHL, which play under USA Hockey. This is similar to let's say Local, State and Federal Government. When registering your child there are certain forms required by each of these organizations.

Local (Mt. Lebanon Hornets)

1. **Registration Form.** This form includes all information required to update our organization with your current Address, Email and any other necessary info. **2 Copies of Birth Certificates required for new players.**
2. **MLHA Team Commitment Letter.** This form will be used to either accept the team that your child is placed on or decline the position offered. It should be returned 48 hours after you have been called by your coach or Board Member.
3. **MLHA Parents/Spectators Code of Conduct.** This form explains and demands that each parent or spectator understand and abides by the code of conduct set by MLHA for its members.
4. **Jersey Order Form.** This form is used to order jerseys for first time players and also returning players who need a larger size.

PAHL

1. **PAHL Add/Delete Form.** This form will be used by PAHL to compile and or update a players experience or profile. This is looked at when placing teams prior to the start of the season. This is only required if new to MLHA.

USA Hockey

1. **Registration.** This is done On-Line. This registration is not the same as the registration with MLHA. This fee \$35.00 is used for many things but the biggest part is to protect the player, coach and organization in the event there is an injury. **Coaches must also register for USA Hockey**
2. **USA Hockey Consent to Treat/Medical History.** This form is self explanatory and is used by the coach and medical personnel in the event of an injury.
3. **USA Hockey Code of Conduct (Participant).** Again self explanatory and explains what conduct is expected by each player on and off the ice.

All forms can be printed from the web site and should be filled out prior to registration to expedite the process.

FEE Requirements for Registration

1. **Tryout Fee.** This fee is \$110 and covers the cost of tryouts.
2. **Commitment Fee.** This fee is \$350 and will not be cashed until 48 hours after team placement, if MLHA does not receive a commitment letter declining the position offered. **If the position is accepted or we do not receive the letter stating the position is declined this payment will be applied as the first payment towards the registration fee.**

Please check the web site for updated information and contact information if you have any questions.
